Please list County Board(s) on which you are interested in serving and why?

Board: Powder Mountain Water and Sewer Board

I am a resident of the district. I want to help ensure a stable, long term, high-quality water source for our growing community. I'd like to help accomplish this through a combination of:

- Prudent management of infrastructure development like drilling for water
- The incorporation of new water saving and reuse technologies in the built environment
- The implementation of new, technologically advanced treatment options that keep water on the

mountain to refreshes our aquifers.

Working together, I'm hopeful we can keep the water and sewer capacity from impeding the much needed growth of Powder Mountain and surrounding area.
