1. **This appeal must be filled out completely and submitted with all supporting evidence by the filing deadline. It is the applicant's responsibility to ensure that the application is received by the Weber County Clerk/Auditor before the deadline. The Clerk/Auditor is not responsible for applications that are not received by the deadline, regardless of the cause.**
2. The Weber County Board of Equalization is established to consider matters related to the market value of your property. **Taxes and issues other than valuation and/or property classification CANNOT be considered by the Board of Equalization.** Only the current year market value, property characteristics, and/or property type, as established by the Weber County Assessor as of January 1, 2025, can be appealed.
3. The Board of Equalization has discretion to raise, as well as lower, the market value based on the facts presented.
4. Only the whole parcel of property can be appealed. Separate parts of the property, such as garage, outbuilding, or house cannot be appealed by themselves.
5. A separate application must be filed for each parcel of property.
6. The Tax Notice will be mailed or will be available electronically in October. You are responsible to pay all the taxes as originally billed by November 30 to avoid penalties and interest, even if you have not received a decision by the Board by this date.

8. For keys to a successful appeal, please see <https://www.webercountyutah.gov/Assessor/appeals.php>.

Burden of Proof

- At the County BOE hearing, **if the property is not a qualified real property, the taxpayer carries the burden of proof**, unless the county assessor asserts a greater fair market value than the original assessed value. In that instance, the county assessor carries the burden of proof, and the original assessed value will lose the presumption of correctness. If both parties argue against the original assessed value, both parties carry the burden of proof.
- **If the property is a qualified real property, the burden of proof lies with the county assessor** if they assert a fair market value equal to or greater than the inflation adjusted value, which is presumed to equal fair market value. If the taxpayer asserts a lower fair market value than the inflation adjusted value, the burden of proof lies with the taxpayer. If both parties argue against the inflation adjusted value, both parties carry the burden of proof.
