REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Members of the County Commission: Weber County

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Weber County, as of and for the year ended December 31, 2011, which collectively comprise Weber County's basic financial statements and have issued our report thereon dated May 31, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Weber County, is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered Weber County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Weber County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Weber County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

Sdimitt Guffill Smith & Co.

As part of obtaining reasonable assurance about whether Weber County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, County Commissioners, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR INTERNAL CONTROL OVER COMPLIANCE IN PROGRAM AND ON ACCORDANCE WITH OMB CIRCULAR A-133

To the Members of the County Commission Weber County

Compliance

We have audited Weber County's compliance with the types of compliance requirements described in the OMB Circular A-133 Compliance Supplement that could have a direct and material effect on each of Weber County's major federal programs for the year ended December 31, 2011. Weber County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Weber County's management. Our responsibility is to express an opinion on Weber County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Weber County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Weber County's compliance with those requirements.

In our opinion, Weber County, complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2011.

Internal Control over Compliance

Management of Weber County, is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants

applicable to federal programs. In planning and performing our audit, we considered Weber County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Weber County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Weber County as of and for the year ended December 31, 2011, and have issued our report thereon dated May 31, 2012, which contained unqualified opinions on those financial statements. Our audit was performed for the purpose of forming our opinions on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by US Office of Management and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

This report is intended solely for the information and use of management, County Commissioners, others within the entity, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Schmitt, Guffills, Smith & Co.

WEBER COUNTY CORPORATION Notes to Schedule of Expenditures of Federal Awards December 31, 2011

Note 1 - Purpose of the Schedule

The Schedule of Expenditures of Federal Awards (the Schedule) is a supplementary schedule to the basic financial statements. The Schedule is required by the U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations.

Note 2 - Significant Accounting Policies

Basis of Accounting

The information in the Schedule is presented in accordance with OMB Circular A-133. The Schedule is prepared using the same accounting policies and basis of accounting as the basic financial statements.

CFDA Numbers

OMB Circular A-133 requires the Schedule to show the total expenditures for each of the entity's federal financial assistance programs as identified in the Catalog of Federal Domestic Assistance (CFDA). The CFDA is a government-wide compendium of individual federal programs. Each program included in the CFDA is assigned a five-digit program identification number (CFDA number).

Major Programs

OMB Circular A-133 establishes a risk-based approach to determining which federal programs are major programs. The federal awards tested as a major programs were that with a CFDA number of 10.923 and 10.557.

Matching Costs

The Schedule does not include matching expenditures.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE IN ACCORDANCE WITH THE STATE OF UTAH LEGAL COMPLIANCE AUDIT GUIDE

To the Members of the County Commission Weber County

We have audited Weber County's compliance with general and major state program compliance requirements described in the State of Utah Legal Compliance Audit Guide for the year ended December 31, 2011. The general compliance requirements applicable to the County are identified as follows:

Public Debt Cash Management Purchasing Requirements **Budgetary Compliance** Other General Issues Uniform Building Code Standards Liquor Law Enforcement B and C Road Funds Justice Courts Compliance **URS** Compliance Transient Room Tax Impact Fees

Truth in Taxation and Property Tax Limitations Assessing and Collecting of Property Taxes

Statement of Taxes Charged, Collected and Disbursed

The County received the following major assistance programs from the State of Utah:

B and C Road Funds (Department of Transportation) Liquor Law Enforcement (State Tax Commission) Public Health Services (Department of Health) Children's Justice Center (State of Utah Attorney General's Office)

Compliance with the requirements referred is the responsibility of the County's management. Our responsibility is to express an opinion on compliance with those requirements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the State of Utah Legal Compliance Audit Guide. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements identified above. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County, complied, in all material respects, with the general compliance requirements identified above and the compliance requirements that are applicable to each of its major state programs for the year ended December 31, 2011. However, the results of our auditing procedures disclosed other instances of noncompliance with those requirements, which are required to be reported in accordance with the State of Utah Legal compliance Audit Guide and which are described in this report.

The County's response to the findings identified in our audit is described in the accompanying state compliance schedule of findings. We did not audit the County's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the County Commission, audit committee and management of Weber County, and is not intended to be and should not be used by anyone other than these specified parties. However, the report is a matter of public record and its distribution is not limited.

May 31, 2012

WEBER COUNTY CORPORATION State Legal Compliance Requirements Findings December 31, 2011

11–1 Receipt Tracking (repeat finding)

Condition: For certain receipts the County did not maintain sufficient documentation to demonstrate when funds were received. Therefore, it could not be determined whether the funds were deposited within the proper timeframe as required by state law.

Criteria: The State of Utah requires that all public funds be deposited daily, whenever practicable, but not later than three business days after receipt.

Cause of Condition: Incorrect implementation of policies and procedures.

Effect of Condition: Non-compliance with Utah State Law.

Recommendation: The County should implement a system of controls to ensure that public funds are deposited at least every three business days. Maintaining records of when funds are received is a key control of the overall system of controls.

Administration Response: The County will provide additional training to all departments on the proper handling of checks that come in the mail to ensure those checks are logged and date-stamped on the date they are received.

11–2 Budgetary Compliance (repeat finding)

Condition: The expenditures for the training, ice sheet, and debt service departments exceeded their budget.

Criteria: The County shall not incur expenditures in excess of the total appropriation for any department or fund.

Cause of Condition: Incorrect implementation of policies and procedures.

Effect of Condition: Non-compliance with Utah State Law.

Recommendation: The County should monitor the budget more closely to ensure that the expenditures do not exceed the budget.

Administration Response: The County will monitor departments' expenditures more closely and make appropriate budget adjustments before year-end as needed to ensure departments do not exceed their budgeted appropriations.

WEBER COUNTY CORPORATION State Legal Compliance Requirements Findings, Continued December 31, 2011

11–3 Budgetary Compliance

Condition: Building permit fees were not submitted to the state within 30 days following the end of the quarter.

Cause of Condition: Incorrect implementation of policies and procedures.

Effect of Condition: Non-compliance with Utah State Law.

Recommendation: The County should implement a system of controls to ensure that building permit funds are submitted to the state within 30 days following the end of the quarter.

Administration Response: The County will provide additional training to all employees that handle building permit funds to ensure they are submitted to the state within 30 days following the end of the quarter.
