**Presentation “Weber County Citizen Police Academy” from Diana Lopez, Ogden City Police Community Outreach Coordinator** – Diana Lopez, Hailey Collins, Melanie Arredondo, Jessika Clark

Diana Lopez presented the Citizens Police Academy program to the Commission. This is a 7-week, free program that is available to Weber County citizens in the spring and fall, and is open to anyone ages 18 and above. This program involves various agencies, including the Ogden Police Department, Weber County Sheriff’s Department, and others to help teach the community about the how and why of what they do. Diana also discussed they do get background checks on those who want to participate, and then once the participants have passed the background check, they are able to join the program to learn more about law enforcement, etc. This program is designed to build community relationships and to dispel misinformation. It also includes hands-on activities, such as a virtual simulator, and covers topics like traffic stops, DUI stops, and defensive tactics. Diana emphasized that this program has also been beneficial in improving law enforcement practices, and has helped humanize police officers in the eyes of the community. The next session will start on March 6, 2025, and will be held on Wednesday evenings for 3 hours and a full day on a Saturday for 7 weeks. If there are any questions or if anyone wants to sign up, please contact Diana Lopez at [dianalopez@ogdencity.com](mailto:dianalopez@ogdencity.com) or call her at 801-629-8037.

**Discussion regarding Taylor Landing Rezone and Development Agreement** – Charlie Ewert, Gary Myers, Rick Grover, Sean Wilkinson, Liam Keogh, Aaron Robertson, Selvoy Fillerup, Bill Ross, Andrew Favero (Zoom)

Rick Grover discussed the Taylor Landing rezone and development agreement. The revised development agreement involves the developers addressing trail connectivity issues and working with the Park District to develop a portion of the park area into homes. He also discussed the trade-off of downsizing the open space for additional fees and the expansion of roads and trails. The Park District is happy with the approved plan as the Park District will be given the park instead of it being included in the HOA. The developer has also redone their layout to facilitate the current Weber County goals. This discussion also included concerns about the water allocated for the park, improvements to the park, and the density of the development. The development agreement will be presented to the Commissioners at a Commission meeting when the development agreement is completed.

**Adjourn**

*Commissioner Harvey made a motion to adjourn. Commissioner Froerer seconded the motion. All say aye. The motion carries.*
