Weber County Land Use Code Title 106 (Subdivisions)

#### **Background and Summary**

The applicant is requesting approval of the Lyons Acres Subdivision, a two lot subdivision consisting of 2.28 acres located at approximately 7467 W 900 S, Ogden, UT, 84404, in the A-1 Zone.

The proposed subdivision and lot configuration are in conformance with the applicable zoning and subdivision requirements of the Uniform Land Use Code of Weber County (LUC). The following is a brief synopsis of the review criteria and conformance with the LUC.

<u>General Plan</u>: The General Plan for West Central Weber is intended to preserve private property rights while also preserving the rural characteristics of the Valley. This proposal conforms to the West Weber General Plan.

<u>Zoning</u>: The subject property is located in the Agricultural Zone more particularly described as the A-1 zone. The purpose and intent of the A-1 zone is identified in the LUC §104-6-1 as:

"The purpose of the A-1 Zone is to designate farm areas, which are likely to undergo a more intensive urban development, to set up guidelines to continue agricultural pursuits, including the keeping of farm animals, and to direct orderly low-density residential development in a continuing rural environment."

As part of the subdivision process, the proposal has been reviewed against the current subdivision ordinance in LUC Title 106, and the standards in the A-1 zone in LUC Title 104 Chapter 5. Small subdivisions as defined in LUC §101-7 can be administratively approved per LUC §106-1-5(b)(1). The proposal has been reviewed against the adopted zoning and subdivision ordinances to ensure that the regulations and standards have been adhered to. The proposed subdivision is in conformance with county code. The following is a brief synopsis of the review criteria and conformance with the LUC.

Lot area, frontage/width and yard regulations: The A-1 Zone has a minimum lot area or a minimum lot width requirement per LUC §104-5-7 for a single family residential dwelling. Lot 1 has an existing residential dwelling, therefore the following development standards will be reviewed upon submittal for a building permit for (accessory use – small accessory buildings):

- · Front yard setback: 30 feet
- Side yard setback: 10 feet except 1 foot if located at least 6 feet in rear of main building
- Rear yard setback: 1 ft. except 10 ft. where accessory building on a corner lot rears on side yard of an adjacent lot
- · Accessory building height: 25 feet

The proposed lot configuration meets the width standards in the A-1 Zone. The lots have adequate area for the A-1 zone.

<u>Culinary water and sanitary sewage disposal:</u> Culinary water is provided by West Warren-Warren Water Improvement District, and sanitary sewer is provided by an onsite septic system.

<u>Review Agencies</u>: To date, the proposed subdivision has been approved by the Weber County Surveyor's Office, as well as Weber Fire District, and Weber County Engineering. All review agency requirements must be addressed and completed prior to this subdivision being recorded.

<u>Additional Design Standards</u>: Additional standards and requirements from reviewing agencies, including the Weber County Engineering Division must be fulfilled before the recording of the final plat.

Tax Clearance: 2016 and 2017 property taxes have been paid in full.

<u>Public Notice</u>: A notice has been mailed not less than seven calendar days before final approval to all property owners of record within 500 feet of the subject property regarding the proposed small subdivision per noticing requirements outlined in LUC §106-1-6.
